

J.B. Mouton, Inc. On-Line Bidding Registration
Powered by McGraw Hill Construction

J.B. Mouton, Inc. has started a new process for keeping contractors up to date with our bidding projects. We've selected an on-line software package powered by McGraw Hill Construction. This automated bid software will allow us to send our bid invites, give free access to plans, downloads of plans, provide software for takeoffs, allow contractors to stay informed about bid changes such as addendums and most of all allow us to communicate more freely. Please follow the following steps to register.

1. Go to web site: www.network.construction.com
2. Select: "Register now!" or "Register today!"
3. Select: "Click here to register"
4. Fill in the required fields (stared in red).
5. Click "Continue"
6. You will now be logged on to the McGraw Hill Construction Main page. From here you need to **SIGN OUT** by selecting "sign out" and close your browser.
7. Go to the network web site from step one www.network.construction.com and sign in with the user name and password you just created. This will be the site and sign in you can go to for all projects. You can add the site to your favorites on your browser.
8. Select: "Plan Room" from the blue tabs at top of page.
9. At "Find Hosted Project (Enter Key) enter the key code: "19ZA0"
10. From here you can select a project (only one test project is available at this time) and then a bid package.
11. At the Bid Packages area on the bottom of page select: "Registration bid package"
12. From the blue tabs on the bottom of page above the file name Select: "Other"
13. Download the "Responding to ITB.pdf" file for more information on this site.
14. You have just completed the registration process and will start to receive bid invites from J.B. Mouton, Inc. in the near future.

Thank You for your interest.
